PROFESSIONAL SUMMARY

Creative and detail-oriented **UI/UX Designer** with an MCA degree and hands-on experience designing web and mobile interfaces using **Figma**. Skilled in user research, wireframing, user flows, prototyping, visual design, responsive design, typography, and user-centered design. Experienced in creating dashboards, e-commerce interfaces, project management systems, event booking experiences, and interactive prototypes. Strong understanding of usability, accessibility, visual hierarchy, and modern UI design principles. Seeking an entry-level UI/UX Designer opportunity to create intuitive and engaging digital experiences.

PROJECTS

Coffee Website

Figma

UI/UX DESIGN

- Designed a responsive multi-page coffee website with a focus on usability and visual consistency.
- Created wireframes, user flows, screen layouts, and interactive prototypes in Figma.
- Applied typography, spacing, visual hierarchy, and user-centered design principles.
- Designed intuitive navigation and user-friendly web interfaces.

Project Management System

Figma

UI/UX DESIGN

- Designed a complete project management system with a clean and minimal user interface.
- Created dashboard, project overview, project details, team management, task management, and settings screens.
- Developed intuitive task-management and navigation flows.
- Maintained consistent UI components, spacing, typography, and visual hierarchy.

EDUCATION

Master of Computer Applications

Rathinam Technical Campus,
Coimbatore
2023 – 2025 · 77%

B.Sc. Physics

Virudhunagar Hindu Nadars
Senthikumara Nadar College
2020 – 2023 · 76%

CERTIFICATIONS

- Design Thinking for Innovation — Coursera
- Top UI/UX Tools You Need in Designing — GUVI
- Paper Presentation: "IoT Enabled Heart Attack Alert System" — International Conference on Emerging Trends in AI (ICETAI'25), Dhanalakshmi Srinivasan College of Engineering, Coimbatore (27 Apr 2025)
- Coding Essentials: Learn Logic Building for Beginners — Scaler Topics
- Aptitude & Reasoning Certification
- Yoga and Pranayama — Webinar Certification

SOFT SKILLS

- Creativity & Innovation
- Problem Solving
- Communication
- Team Collaboration
- Leadership
- Attention to Detail

Event & Shoe Brand Posters

Figma

GRAPHIC & UI DESIGN

- Designed a simple, eye-catching event promotion poster and a shoe brand promotion poster in Figma.
- Applied strong visual hierarchy, color theory, and typography to communicate key messaging at a glance.
- Balanced imagery, text, and branding elements for a clean, professional layout.
- Created print-ready and social-media-ready poster formats aligned with each brand's identity.

Pet Food Ordering Website

Figma

UI/UX DESIGN

- Designed an e-commerce website for pet food and accessories.
- Created intuitive product browsing, product selection, and shopping flows.
- Designed responsive layouts focused on usability and accessibility.
- Developed an interactive Figma prototype demonstrating the complete customer journey.

IoT Enabled Heart Attack Alert System

IoT

PAPER PRESENTATION · ICETAI'25

- Developed an IoT-based real-time health monitoring system using sensors and microcontrollers, enabling remote patient tracking and early detection of risk.
- Designed the sensor-to-alert workflow, mapping data from heart-rate and vital sign sensors through the microcontroller to a real-time alert mechanism.
- Presented the research paper at the International Conference on Emerging Trends in Artificial Intelligence (ICETAI'25).
- Applied problem-solving and analytical skills to bridge hardware functionality with a clear, user-focused alert experience.
